DETAILED ACTION

Receipt of applicant's amendment and drawing is acknowledged and entered as Paper # 21 and 22 respectively.

Specification

The abstract of the disclosure is objected to because the abstract exceeds more than 150 words. Correction is required. See MPEP § 608.01(b).

Drawings

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the claimed subject matter of "the flat tubes are beaded tubes, with a bead running parallel to the tube longitudinal axis" must be shown or the feature(s) canceled from claim 11. No new matter should be entered. Applicant has faxed an amended drawing to show the claimed subject matter. However, this amended drawing does not show the claimed subject matter because claim 11 further defines the flat tubes, which already has structural limitation as claimed in claim 1. Therefore, the drawing should contain the flat tubes showing both the subject matters in claim 1 and 11 but not one tube shows the claimed subject matter in claim 1 and the other tube shows the claimed subject matter in claim 11.

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Claim Objections

Claim 11 is objected to because the drawings do not show the claimed subject matter.

Appropriate correction is required.

Allowable Subject Matter

Claims 1-5,7-8,10,12,14-16,18-20 and 22-23 are allowed.

Claim 11 is objected to as being objected as above.

The following is a statement of reasons for the indication of allowable subject matter:

Applicant's argument with respect to claims 1-5,7-8,10,12,14-16,18-20 and 22-23 are persuasive.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
